# FOREWORD

The specific objectives of National Federation of State Cooperative Banks Ltd. (NAFSCOB) include conducting studies in agriculture and rural credit, review the performance of short term cooperative credit institutions and also disseminate information on relevant aspects of the credit structure through working papers, pamphlets, booklets, brochures etc. NAFSCOB has been making sincere efforts in this direction and published so far around 480 such documents on variety of issues. In addition to these publications, NAFSCOB on a regular basis has been bringing out annual publications of Basic Data on Performance of State Cooperative Banks (SCBs), District Central Cooperative Banks (DCCBs) and Primary Agricultural Credit Societies (PACS) separately and a few analytical occasional papers on selected performance parameters.

The current publication is the updated version of our earlier published state-wise directory of DCCBs in the country. The current publication contains information such as management of the banks, their contact addresses and also a brief profile of state-wise performance of these banks for two consecutive years i.e. 2019-2020 to 2020-2021. We are able to bring out the current publication on time entirely due to the cooperation of SCBs and DCCBs and we are thankful to them.

The present publication is the result of a migration from the earlier version of software to the present new software. Ms. Jocata Financial Advisory and Technology extended appropriate support.

Shri Manoj Kumar , Assistant Director compile this publication for the year 2020-21. We appreciate their sincere efforts.

With Cooperative greetings.

**B. SUBRAHMANYAM**
